## DETAILED ACTION

***Terminal Disclaimer***

2. The terminal disclaimer filed on 22 November 2005 disclaiming the terminal portion of any patent granted on this application which would extend beyond the expiration date of any patent granted on Application Number 10/629299 has been reviewed and is accepted. The terminal disclaimer has been recorded.

***Allowable Subject Matter***

3. Claims 1-22 are allowed.

***Reasons for Allowance***

4. The following is an examiner's statement of reasons for allowance:

Claims 1, 10, and 19, as well as their respective dependent claims, are found to be allowable because the prior art of record neither teaches nor reasonably suggests the recitations found therein including the specific ratios of specific component fibers. Applicant's invention is based upon the novel and unexpected results achieved upon combination of components a, b, and c in the specifically claimed ratios. The claims further include limitations which characterize that the percentages chosen must be based upon these listed components, specifically modacrylic, p-aramid, and m-aramid fibers. None of the prior art anticipates this combination as claimed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

5. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Shaun R. Hurley whose telephone number is (571) 272-4986. The examiner can normally be reached on Mon - Fri, 6:30 am - 3:00 pm, off second Friday.
